Television show delights crowd

Bathed in the television lights, a capacity crowd packed Minden arena to enjoy, and in some cases, participate in the live Wintario draw held Thursday evening hosted by Minden and District Lions Club.

Co-operative education program blends classes and employment

For many kids, school is a waiting period, an extended quarantine they have to go through prior to getting out

into the working world. It's not that they're poorly motivated or unintelligent - it's time and again quite the

opposite. These students, educators have discovered, just need other stimulation.

Three years ago Haliburton Highlands Secondary School started what they called their co-op program. Its purpose was to enable students to get that new stimulation by sharing the school day working at real jobs, learning basic skills, like how to be responsible and how to take orders from a boss. The other half of the day was spent in classes. Right from the beginning, the program was popular and very successful. But the problem was, it was only open to kids in the special education program, students with learning disabilities.

So this year Haliburton Highlands has launched another co-op program, this one open to any student in the senior grades who expresses an interest. And it's different in many ways from the old special education scheme, says program manager Laura Aymong.

"The basic program," she explains, "just got kids out into the community and

taught them simple ideas about working. The new co-op gives students something more; it gives them the opportunity to learn specific course related skills.

"The jobs they take must have something to do with their studies, which still take up half of each school day. And at the end of the academic year, they get three credits or the time spent at co-op jobs.

Because they put skills learned in class to work, the kids soon grasp the importance of their academics. And at the end of a year on the program, says Aymong, they'll have some valuable job experience, "experience that will give them a slight edge over those who haven't taken the program."

It's a new scheme, so of course there are problems, she admits. "Many kids are new to the working world and don't yet know the basic details that we assume. Like showing up every day to work on time and not expecting days out whenever they are requested.

(more on page 5)

It's only two and a half hours until showtime and the applause button still isn't working. Technicians nervously adjust levers and scuttle over one another in the cramped mobile production trailer to get at still more levers. Underneath the one console an electrician is prodding at some wires with a screwdriver. Then a voice comes over the intercom: "Press it, Milad. Try it again."

Milad Bessada, the dapper, articulate producer of Global Television's Wintario show, jabs at a small, grey button on the panel in front of him. Again the intercom crackles; apparently it's working now.

The flashing applause sign, says Bessada, is really just a safety measure for his crew. "It's a way of cueing audiences ... sometimes they forget to clap."

Which is par for the course when you realize that Wintario is broadcast from a different Ontario community each week, communities which in most cases don't move at the frenetic pace of a prime time television show.

"We've been as far west as Kenora - a week's drive for the show's four trucks - and as far north as Moose Factory," says Bessada.

Each week the routine is the same: First, the trucks are sent out from Global's Toronto studio. On the morning of the show they're met by the crew technicians who then transform a community centre, auditorium, or whatever venue they're given into a flashy T.V. studio complete with cameras and lights. Hours before Wintario is scheduled to go on the air, the production crew arrives for a last minute equipment check and rehearsal. And at 6:30 sharp the doors open.

"After 11 years of producing the show for the Lottery Corporation," says Bessada, "the crew have got the job down to an art."

And the whole thing really is quite a miracle when you realize that what they actually do each week is build - from scratch - a modern television studio, all in about four hours.

But the thing that makes the show possible, what the Global people have dubbed their "Transportable Earth

Station", is a state of the art transmitter capable of pin pointing a satellite hundreds of miles overhead and bouncing a signal off it. The whole thing is small enough to fit into the back of a large van. And the van, with its dish antenna fixed to a front corner, looks for all the world like some strange post-nuclear device dreamed up by the makers of GI Joe.

Nevertheless, Bessada is proud of his transmitter. "Since we first started renting it from Tel-sat 2 1/2 years ago, we've been saving about \$90,000 a year in transmission costs," he says. Because Global produces the Wintario show for the provincial government, that saving is passed on to the taxpayers.

As Bessada continues with his tour of the facilities, the rest of the crew - 28 people in all - is rapidly putting everything together. It's a scene of chaos; but an orchestrated chaos. Everyone knows what to do, and because Global is a non-union house each man is a jack of all trades. "The result," comments Bessada, "is that it takes only four hours to set up the show instead of eight."

By 4:00 o'clock a recognizable Wintario set has taken shape at one end of the Minden arena. Technicians on their knees are at work on the wiring and props, while someone else makes some final adjustments to a rack of stage lights.

"Over the years," says Bessada, "the Wintario show has become something more than just a T.V. program. It's a community event. A community event that the rest of Ontario can watch.

"What it amounts to is a half hour of free promotion for the host town. People who don't even know Minden exists will be given a good idea of what goes on here and why they might like to stop in for a visit."

Because of that, the Wintario Corporation never has to go out and look for host communities. In fact, they often have a hard time sifting through all the applications.

"Usually we go to places that are celebrating an

September weather

by Phil Graham

	C	F
Average high	18.2	64.7
Average low	7.4	45.3
Average for month	12.8	55.0
Average for September 1985	14.0	57.2
Highest temperature September 3	25.0	77.0
Lowest temperature September 17	-2	28.4
Rainfall for month	176.3mm6.9 in.	
Rainfall for September 1985	161.4mm6.3 in.	
Days with rain	12	
Days mostly sunny	5	
Days with thunder storms	5	

September was a wet month, no doubt about that but in looking back to last September there was only a half inch more rain this year than last.

Average temperature was 1.2 degrees C cooler this September. Any good weather we had was during the first week of the month.

Trivia: September 24, 1950, the great smoke pall fed by fires in northern Alberta spread across North America darkening skies in Eastern Canada and in Europe two days later.

Sunday, September 28, 1947, the temperature in Central Ontario dropped to -4.4 degrees C, the lowest on record in 94 years for that date.

Lottery show a hit

(from page 1)

anniversary of staging some big event," said Bessada. The show came to Minden, it turns out, simply because the Lions Club was persistent.

"They just kept coming back to us and re-applying when we turned them down," explains Karen Ogden of the Lottery Corporation. "Pretty soon we realized you have an active and determined community here in Minden, so we decided to come just because of that."

Right on schedule, the doors open at 6:30 and by the time the show starts, the hall is packed with almost 700 people. Excitement is high but just to get things a bit hotter, the three camera men pan the audience, focussing in on cheering kids and surprised adults.

Adding to the excitement of the evening was a pre-broadcast show featuring local emcee Bill Payne and "Just Plain Country", along with the students from Archie Stouffer Elementary School and Haliburton Highlands Secondary School brass quintette.

By the time hosts Greg Beresford and Faye Dance came out, the crowd was truly primed.

"Aren't the Haliburton colours nice!" Beresford declared, but not half so nice, it was agreed, as Dance's bright red tartan skirt.

Even the applause light at the side of the stage seemed to be working, though when it came time to make the draw, clearly there was no need for it.

The enthusiasm of the audience was obvious to those who watched. For

many, it seemed the 30 minute program had passed as quickly as the signal from the dish shaped transmitter behind the arena had bounced from Minden to home owners across the

province. And as quickly as the television studio had been erected in the arena, it was dismantled, packed in the waiting trucks outside and moved on to its next location.

Milad Bessada, Wintario's Executive Producer, points out some Global TV equipment used in the program's transmission. Behind him is their transportable earth station.

A school bus sustained \$5000 damage Thursday morning when it was involved in a collision with a pickup truck driven by Danny Griffin, 22, of Stanhope Township. The Griffin vehicle sustained \$2000 damage when it struck the bus as it emerged from a private driveway along Highway 118 east of Carnarvon. There were no students on the bus at the time and neither driver was injured. Bus driver Al Smith, 25, of Stanhope Township, has been charged with failing to yield.

Man dies in car accident

On September 30, Richard Haywood, 69, R.R.2, Minden died of injuries received in a car accident. The accident occurred on Highway 118. Haywood was operating a 1986 Ford eastbound when he did not negotiate a curve. The vehicle rolled over in the ditch.

The incident was investigated by Constable Jim Solway.

Damage

Damage is estimated at over \$1500 to the Haliburton Sky Slider. The damage occurred Sunday, October 5 at about 5:15 p.m. when large rocks were thrown down the track. Three male persons riding in a brown pickup truck with white cap are being sought or questioning.

Constable Ben Manuge is investigating.

Sexual assault

An incident on September 14 at a cottage on Buckslide Road has resulted in a Toronto man being charged

with sexual assault on a woman. Charged is Steven Nilsson, 29, who is to appear in Provincial Court Minden on November 12.

Constable David Rogers investigated.

Drowning

On October 5, Lorne McWilliams, aged 41, living on Steeles Avenue in Brampton, drowned in a boating accident. The accident occurred on South

Lake when the canoe McWilliams was riding in alone, overturned. Police divers recovered the body in water 3 metres deep.

Constable Wayne Smith investigated.

A valuable experience

While the expanded co-operative education program at Haliburton Highlands Secondary School is not unique, it is encouraging to see the authorities tapping into its potential. The program allows students to earn credits while spending time in a work place setting.

Co-operative education has been utilized over the years. Universities and colleges have been using it in specialized programs. Its advantages have long been recognized. Not only do the students obtain an education in the structured classroom setting, but they also have an opportunity to see the principles learned at school applied in an everyday situation.

The program has been available to students in selected areas at the local high school. This year the chance to participate has been expanded to include all students willing to try the option, where work place positions can be obtained. The administration admits there are certain limitations. In a community like Haliburton County, the openings in the workplace do not always match the students' interest and so all those with a desire to become involved may not be accommodated.

Despite these limitations, the school administration is to be commended in its attempt to open the opportunity to as many students as possible. We believe it is a worthwhile and valuable program that can only enhance the student's educational experience and make them better prepared to take their place in the working world.

Elfin staircase

Persistence pays

- by John Eakins, MPP -

The autumn colours in the Highlands are starting to fade but before we file our memories of summer away I would like to reflect on what I think has been an interesting period in our area, and for me personally.

The Haliburton area has had its share of hardship over the last few months including a tornado and a major fire in downtown Haliburton. And yet, out of this hardship, the people of Haliburton have shown a great deal of community spirit and determination to move ahead.

These characteristics were also displayed by the Haliburton and Community Housing Corporation which persevered against several setbacks to establish a senior citizens housing project for the area. I recall the day the project's chairman, Cliff Dawson, visited me in my office in Lindsay to discuss the program after the provincial government became more actively involved in the area of financial assistance. Across the province, there was a great deal of competition for funding, but when I took the committee's concerns to the Minister of Housing, the

Haliburton project received approval for 33 units.

Several letters followed and the committee decided that they could not build the facility based on the financial aid available for 33 units. During the weekend of the blue grass festival I met with Cliff Dawson at his home where he explained that 17 more units would be needed. Again, I appealed to the Minister and, on a beautiful fall day last week, those who have worked so hard to see this project through, celebrated the sod turning ceremony at Rotary Beach Park.

The various organizations and committee members deserve to be congratulated because it is their local enthusiasm which has made the difference. I envy the future residents of the building. They will be able to enjoy an excellent facility with a beautiful view of Head Lake.

Next week, the Legislature will resume sitting and at about the same time, Expo 86 in Vancouver will come to a close. I mention this exhibition because of the large presence Haliburton has at the Ontario Pavilion. I was very fortun-

ate to have the opportunity to visit Ontario's Pavilion and doubly proud to see an aircraft from Seawind International of Haliburton at the site. To me the display was one more example of the kind of talent and ingenuity that we have in Haliburton, and all too often, goes without recognition.

letters

Editor:

County Roads are doing a great job and should be complimented instead of accused.

How many who make complaints would get up in the middle of the night or whenever called, to snow plow or fix other troubles on the roads?

I compliment the County Roads Department for the great job they are doing and have done each year.

Irene Moore,
Minden.

outdoors

It's a landscape steeped in history, rich in moods. Flowerpots - towering 20 m rock vases - stand juxtaposed against the frigid blue of shipwreck-laced Georgian Bay. Ancient sand dunes continue their millenia-long waltz with the wind, as sands exposed at the Huron shore are moulded into inland-marching dunes, each filigreed with reindeer moss, junipers and striking plants. Between the two lay a mosaic - of majestic cliffs, caves and fossil reefs, of orchid-mantled wetlands and a tundra-like bog, and of countless other settings. The mood is ever-changing, as weather swings its gamut through fog-shroud and Indian summer to fiercest nor'westers.

The upper Bruce is, indeed, a national heritage. And, thanks to last week's announcement by federal Environment Minister Tom McMillan, much of the peninsula's finest is to become a national park.

McMillan announced that the federal and provincial governments had agreed upon the terms to be included in the formal agreement document, which will now be written. Points include:

- that the park will proceed
- the deletion of 10,000 acres from the proposed area, which will instead become a provincial hunting area.
- that the province will forego compensation for provincially owned land and present park facilities.

The park will encompass approximately 34,500 acres of mainland, plus 32,000 acres of marine territory comprising Georgian Bay's shipwreck-famous Fathom Five Provincial Park and a series of 18 islands at the Bruce's tip.

Included will be 31 km of escarpment cliffs, an extensive cave system, 35 miles of spectacular shoreline, habitat of many unusual plants and animals and some of Ontario's most spectacular scenery. It's not the rarities which count, but the aggregate of so much life, such variety and such beauty all packed into this relatively small area - 13% of the peninsula.

The park decision is good news - of importance to people from coast to coast. It's been applauded by the Federation of Ontario Naturalists (FON) which has pressed for such a park's creation for over 20 years.

Both Tom McMillan and Natural Resources Minister Vince Kerrio deserve commendation upon "biting the bullet" and making the admittedly-tough decisions that will lead to this permanent national heritage.

(more on page 6)

Students challenged in workplace setting

(from page 1)

Most problems are easily solved by making sure that the student, his boss, and the school understand each other.

"The important thing," says Aymong, "is just to keep the communication lines open. That's my job."

This year, eleven students are taking part in the co-op. Though the program is still relatively unknown among the student body, she says, it's already gaining popularity by the reports brought back by the kids who are already involved in it.

Businesses across the county have been very receptive, comments Aymong. "We've been able to secure jobs to suit most of kids who have applied to get into the co-op." Some businesses who have taken students are a dentist, a children's camp, a vet and a lawyer's.

The co-op kids themselves have been back at school only a month, but already they're just as positive about the program as the manager.

Seventeen year old Elechia Barry who lives in West Guilford wants to be a legal secretary when she leaves school. During the co-op she obtained a position at lawyer Don Finn's in Minden.

"I've worked at everything," she says. "I've been a waitress, I've stocked shelves at the IGA and I've even worked at a printers in Toronto. But ever since I was ten years old I've wanted to work in a lawyer's."

To that end she's taken a course in law as well as typing and business skill courses. The job in Minden then is just what Elechia needs to put the things she's learned into some sort of perspective, and also to discover how much she really enjoys her proposed career.

Up until now, she says, the signs are good. "I really like the work and the people I work with are excellent."

The time she spends at Finns "breaks up the day and gives me something to anticipate when I get up in the morning."

There was a period when she wanted to be a dermatologist, she admits, ("just prior to signing up") but when the jobs were being announced, the indecision had ended and she'd decided that being a legal secretary was it.

Should it all work out, she's going to be a legal secretary in Oshawa when she completes her studies at HHSS.

The only problem she can see in the co-op program is

that it lets the kids work only part time. "As soon as you get started on something, it's time to clean up and get ready to go back to school. You don't really get a chance to complete anything, and sometimes the boss gets upset as well."

That is also Kevin Cowen's complaint. The 18 year-old student applied to get into the co-op program

Running a small business sounds good to him because "it lets you be your own boss and gives you independence." And the job at Highlands Supply has also given him a look at the other side, at the work involved.

"There's paperwork galore. The most important thing I've learned here is that everything has to be exact

"It lets you be your own boss and gives you independence"

last spring and in early September he was assigned a placement at Highlands Supply in Minden. Having majored in Automotive at HHSS, he sees work at the car parts supply store completely in line with his studies. But like Elechia, Kevin is a little concerned that the allotted time a day on the job is not quite enough.

In every other way though, he's delighted with the program. "Working here is really great regarding my academic work. I'm more interested in my courses now because I can relate them to work here."

On graduating, Kevin is thinking about running his own small business. "I'm still not quite sure yet what I want to do - but I think I want it to have something to do with mechanics."

and ordered; books have to be kept and documents have to be properly put away in order."

But Kevin is undeterred. The co-op has given him a good idea - or at least a better idea - what he wants to do on graduating school, and he's now thinking about going on to learn about running a small business.

Another student who's pleased with what the co-op program has allowed him to do is 17 year old Craig Elstone. Having spent two years in the old basic program the grade 11 student is used to dividing each school day with a job placement.

The last two years he worked at the Domaine of Killien as a handyman. "I wanted to see what I enjoyed

Haliburton Highlands Secondary School student Elechia Barry works half days at the law office of Donald J. Finn.

and what I was good at."

During his time there Craig had the opportunity to help out in the kitchen, and almost immediately he decided that was the sort of job he wanted to do.

He was captivated, he says, by the French cuisine. "I still don't really know what's going on but I'm learning."

And this year he's working as a cook at McKeck's in Haliburton. "The menu is not the same as the Domaine so it gives me a look at a

slightly varied side to the restaurant business."

Like Elechia and Kevin, Craig is sure that the experience he's getting with the co-op program has been good experience. He now knows what his career will be - a cook and he thinks the work he's done will stand him in good stead when it comes time to secure a job.

"Yea, it's great," he says. "It's only sad that all the other kids at school who could learn something aren't taking total advantage."

Co-op student Kevin Cowen says he's learned a lot working at Highlands Supply in Minden.

Secretary Vicky Martin, left, and Co-op Program Manager Laura Aymong, centre, discuss some of the advantages of co-op with student Debbie Barry.

from the chamber

by Shawn Hagerman

On September the 24th, 1971, a bright and sunny day in the fall, I loaded up all my worldly possessions, in the back seat of a 1963 Volvo, said good-bye to my family and friends, and moved to Haliburton County.

It was with some irony that exactly 15 years later at

approximately the same time in the day on a bright and sunny afternoon in 1986, I found myself driving from Oshawa back up to Haliburton.

Not once in those fifteen years have I ever regretted the decision to make Haliburton my home. The first

years were somewhat of a struggle, but the later years have always proved interesting. Especially with the natural beauty of our country and the warmth and fellowship of the people who live here.

If you have faith in the County, and its people, it has proven a great place to live, work and raise a family. It may not always be the easiest place to live. It could either be the warmest or the coldest, and this month it certainly felt the wettest, but I am always glad to call it home.

I may not be lucky enough to say I was county born, but I am proud to say I chose to live here.

Acid rain report

The following report on the acidity of precipitation recorded at the Ontario Ministry of Natural Resources testing station in Dorset, is compiled by Environment Canada. There were five rainfalls recorded in the latest reporting period:

- On September 29, 17 mm of rain was recorded with a pH of 4.6. The rain was traced to Indiana, Michigan and central Ontario.

- on September 30, 4 mm of rain fell at Dorset with a pH of 4.6. The path of the rain was traced from Iowa, Wisconsin and Michigan.

- on October 1, 2 mm of rain was recorded with a pH of 4.6. The path was traced from Lake Superior and central Ontario.

- on October 3, 11 mm of rain fell with a pH of 4.4. The rain was traced from Michigan and central Ontario.

- on October 4, 12 mm of rain fell with a pH of 4.0. The rain was traced to central Ontario.

Environmental damage is usually observed in sensitive areas regularly receiving precipitation with pH less than 4.7. Readings of 4.0 or less are considered dangerous to the environment. The lower the pH reading the more acidic the precipitation.

Outdoors

(from page 4)

We may not embrace all of their decisions. (FON regrets both the deletion and the lack of compensation, which was to be used for other escarpment land acquisition.) But both present and future generations will be that much richer for the foresight and initiative taken to preserve this special setting - for its own sake and for public appreciation.

Blaze destroys cottage

Undetected by local residents, a blaze destroyed the Hall's Lake cottage belonging to S.R. McInnes on Sunday night. The blaze - it was probably caused by lightning - said Fire boss Bob Nangle - burned the building to the ground and wasn't discovered until Monday morning.

Nangle said the damage costs amount to about \$200,000. "The owner tells us the house was worth about \$150,000 and contained another \$50,000 in antiques," he said.

"All we could do when we got there Monday," Nangle

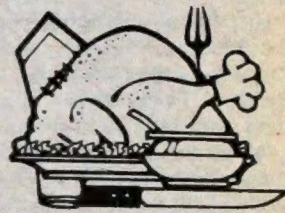

added, "was hose down the coals."

Area residents living as much as a mile away

describe a lightning storm Sunday night that put out electric lights and blew television sets.

Wednesdays until 5:00 p.m.

Fridays to 8:00 p.m.

**Stedmans
TOYS**

A section of Kushog Lake Road was washed away September 29 when a beaver dam gave out. It is suspected that heavy rains in the past month contributed to the bursting of the dams. County Roads employees were quick to repair the washed out section of the road.

Many lottery prizes remain unclaimed

The Ontario Lottery Corporation is looking for the holder of a Lotto 6/49 ticket worth \$472,743.80 from the November 9, 1985 draw. The player, who purchased the ticket in Burlington, has until November 8 to claim the prize said D. Norman Morris, Corporation president.

That prize is one of six major Lottario and Lotto 6/49 prizes, worth a total of over \$1.6 million, which remain unclaimed.

"Players have one year in which to claim their prize," Morris said. "Then the prize money is used as bonus prizes in subsequent draws."

"Although our policy is not to release the location where the winning ticket was sold until the winner has come forward," Morris said, "we felt, and our Minister, the Honourable John Eakins agreed, we had an obligation to bring these unclaimed prizes to the attention of players who may have forgotten to check their tickets." The winning

tickets were purchased in Burlington, Inglewood, Exeter and Toronto.

"We know someone bought the tickets," he continued. "We would like to award the prizes."

In both Lottario and Lotto 6/49, players must match all six of the regular numbers to win a jackpot prize. If they match five of the regular numbers and the

bonus number, they win a second prize.

The Ontario Lottery Corporation operates six lotteries in the province of Ontario: Wintario, Lottario, Instant, Provincial, Super Loto and Lotto 6/49. To date, more than \$1.7 billion has been raised for distribution by the Government of Ontario to a variety of projects.

Hydro increase

Following review of the Ontario Energy Board's report on 1987 rates, Ontario Hydro's Board of Directors has approved an average rate increase of 5.5 per cent, effective January 1.

The increase is lower than the 5.9 per cent rise recommended by the Ontario Energy Board, and higher than the 4.9 per cent increase proposed by Hydro earlier this year.

The new rate reflects changes in Hydro's financial outlook since the original

proposal, said Dane MacCarthy, Vice-President of Marketing.

"It also recognizes our customers' need for safe, reliable and reasonably-priced electrical service," he said.

The 1987 increase will represent an addition of about \$2.20 a month to the bill of a typical (850 kilowatt-hour) municipal residential customer. Municipal utility customers could pay a bit more or less, depending on the individual utility's costs.

A word word puzzle puzzle

Here is a word puzzle, or more specifically a word word puzzle that we think you'll find interesting and challenging. We're looking for answers with repeating syllables or units. For example, the answer to the clue "Indian drum" is tom tom. To assist you, we've arranged the clues so the answers appear in alphabetical order. Watch next week's newspaper for the answers:

(1) anti-aircraft fire; (2) tropical disease; (3) Montreal hockey player; (4) childish farewell; (5) French dance; (6) Latin dance; (7) Chattanooga train; (8) extinct bird; (9) an even split; (10) parliamentary cry of support; (11) an African charm; (12) mother; (13) a Hawaiian dress; (14) something you shouldn't do; (15) a decorative tuft; (16) United States prison; (17) only fair; (18) African Archbishop; (19) Northern Ontario "Goose Town"; (20) Washington State City; (21) one of the Gabor sisters.

With scissors in hand, contractor Jim Johnston prepares to snip the ribbon to mark the official opening of his new office and workshop on the Robertson Sideroad in Haliburton. On hand for the occasion were, from the left, Ann Arnot, employee Lou Dummett, fellow contractor Bill Simmerson and Louise Dennys.

Redmen lose in Lindsay

Last week's game between the Senior, Haliburton Highlands Redmen and the LCVI team in Lindsay was a close one.

Unfortunately the Redmen lost 3 - 2.

In the opening kick the Redmen managed to launch the ball deep into the Lindsay zone, but with the help of three consecutive penalties to Haliburton, LCVI got it out.

By the second quarter the ball had changed hands many times but there was still no score. Things got going as Andrew Burk and Jaro Cooper both managed to gain yards with some good runs.

Lindsay then took possession when Haliburton punted but Kevin Barnhart recovered a dropped ball and Haliburton surged ahead.

With 37 yards to the goal line, the Redmen attempted to get two points with Scooter Burgess kicking. But the kick went wide, leaving Haliburton with a single point by the mid-point break.

Early on the gridiron turned into a mud bowl. The recent rains had turned the grass to a sponge.

The second portion started much the same as the opener. Several early penalties to Haliburton gave

Lindsay an edge, but with some good pass plays to Trevor Powers, Ron Perron, Ian Cooper and Jaro Cooper, the ball was moved to kicking range '25 yards - but again the kick went wide. The score was 2 - 0 Haliburton.

Late in the last quarter, the Redmen chalked up another penalty and lost eight yards on a holding call. A second down was taken over and Lindsay took possession when they intercepted the ball.

They moved the ball into kicking range again but it was blocked by Haliburton and the ball changed hands again.

Lindsay got another shot at a single point and with a minute to go in the closing quarter Lindsay grabbed a 3-2 lead.

Lindsay kicked the ball, it was caught by Mike MacNaull who ran it back to

the 50 yard line. As the seconds ticked away, HHSS player Ian Cooper ran 20 yards or Haliburton on a pass play.

In the last play of the game, well within scoring range, Haliburton punted into the end zone, but an LCVI player managed to get the ball out. And the game was over.

Special mention is given to the whole 'D' squad. They have not allowed any touchdowns in three games. The whole team played well against Lindsay, who outweighed the Redmen by an average of 20 pounds a man.

As the record stands,

Lindsay High, Fenelon Falls and Haliburton are all even at 2 and 1.

This week's game - an important one to the Redmen - will be played Friday at Fenelon Falls.

Several winners Thursday evening

Not only were there a number of lucky grand prize winners throughout the province last week as a result of the Wintario draw produced at the Minden arena, but the sponsoring service club, the Lions, made a number of individuals happy with additional chances to win on this week's lottery draw.

During the summer the Minden Lions Club sold tickets for a raffle in which the grand prize was 1000 Wintario tickets. The winner of the 1000 chances at \$100,000 was Walter Southgate of Toronto. He'll have a busy time checking all those numbers when the winners are announced this Thursday.

Other winners in the Lions Club draw include Janet Hirstwood of Norland who received 500 tickets; Fred Forde of Agincourt who received 250 Wintario tickets; P.K. Harle of Columbia, South Carolina who received 125 Wintario tickets; D. Strye of Agincourt who received 75 Wintario tickets and A. Siirala of Carnarvon, the recipient of 50 Wintario tickets.

Demo derby interest is high

Interest is running extremely high this year for the annual Minden Kinsmen Club Demolition Derby. The event will take place this Saturday at the Minden Fair Grounds.

According to the event registrar, Marg Prentice, 67 drivers have signed up for this year's event. The number is far ahead of those received last year at the same time, an indication that the maximum 80% entry limit will be quickly reached. "There could be a number of disappointed

drivers this year," she commented. "We are unable to accept any more than 80 drivers," Marg said.

The drivers will be aiming for the \$1000 grand prize, awarded to the vehicle still in motion at the end of all the heats. The last car to cease moving will net the driver \$500 while the second last will receive \$300. The winners of the heats leading up to the final event will receive \$50.

A special powder puff event, with ladies behind the wheels, will carry a \$200

prize.

For those unfamiliar with the demolition derbies, a number of cars are placed within a confined area. At the signal from the starter, the drivers crash the vehicles into each other in an attempt to disable the other vehicle. The last car to be able to move under its own power is declared the winner of the heat. All heat winners then return for the final event when the big money is on the line.

The event is sponsored by the Kinsmen Club of

Minden. Proceeds from the day's activities will go toward the Cystic Fibrosis Foundation and Kinsmen Community projects.

Drivers wishing to take part in this year's derby should contact Marg Prentice as soon as possible at 286-1428. The registration fee is \$50.

The action gets underway at the fair grounds between 11 a.m. and noon on Saturday and will continue until at least 6 p.m. Admission is \$2 for adults and \$1 for children 12 years of age and under.

Hunters advised to avoid animal organs

The Ontario Ministry of Natural Resources is again warning hunters not to eat the kidney and liver from moose and deer after higher than normal levels of cadmium were discovered during testing by researchers.

Cadmium is a heavy metal which may be toxic at higher levels of exposure. It occurs naturally at low levels in the eco-system but may reach higher levels of concentration in some areas. Experiments have shown that high concentrations of cadmium can cause kidney or liver damage in mammals. Cadmium concentrates in some longer-living species such as moose and white-tailed deer.

The World Health Organization (WHO) has set a limit of 0.5 mg per week for human consumption of cadmium. To ensure that the public does not exceed that limit, the ministry is recommending that the kidneys and liver of moose and deer not be consumed.

"This is a precautionary measure," said Natural Resources Minister Vicent Kerrio. "I want to emphasize, as well, that our tests indicate that the moose and deer meat from our sampled areas contain low enough cadmium levels to be acceptable by WHO standards."

Ministry researchers discovered above normal levels of cadmium in the kidneys and livers of some moose in south-central Ontario in 1984. Follow-up tests were conducted in regions across the province. During the 1984 and 1985 hunting season, a total of 306 moose were sampled, and in 1985 290 white-tailed deer were also tested.

Sources of environmental cadmium in Ontario have not been defined to date. Further sampling for regional differences in Ontario may help to define sources.

A province-wide study on cadmium levels conducted by the Ministry of Natural Resources will continue

with help from the Ontario Ministry of Agriculture and Food and the Ministry of Health.

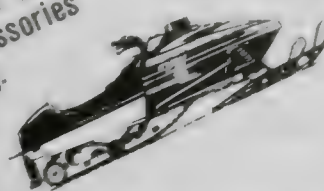

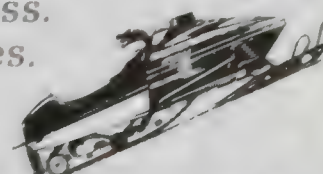

"We will continue the sampling and analyses program in the 1986 hunting season to further investigate regional differences in cadmium levels," Mr. Kerrio said. "In addition to this program, my ministry is involved in various co-operative studies with other government agencies and universities to determine the pathways of cadmium in the ecosystem."

Airport brunch attracts hungry pilots

Annual Stanhope Airport Brunch Fly-In organizers were pleased with the attendance by pilots and passengers who dropped in to enjoy pancakes and maple syrup this past Sunday.

Co-ordinator Derek Rolfe noted that close to 20 planes based in various points throughout the province took part in the annual event. While it may be correct to call it an "annual activity", during recent years the weather has necessitated cancellation or severely restricted attendance. That is perhaps why the local committee was so pleased with this year's turnout.

Planes based in Baldwin, Oshawa, King City, Markdale, Lindsay, Markham, Peterborough and Willowdale among others made the trip to Stanhope.

This is the event's tenth year.

Interestingly, several pilots arrived via pontoon planes, landing on Maple Lake and walk over to the terminal building to enjoy their pancake meals.

The attraction to come to Stanhope is the opportunity it gives pilots to view the multi-coloured Haliburton Highlands decked out in its autumn splendour. While the weather may have co-operated this year, the colour was well past its peak on Sunday. The pilots didn't seem to mind though. One noted that the trip was interesting and there was still enough colour to make the sightseeing worthwhile.

The pilots and the passengers enjoyed a tasty meal, served by the airport committee and volunteers, then headed back to their home airports.

Derek Rolfe, right, was on hand to greet pilots and passengers at the annual Stanhope Fly-In Breakfast held Sunday at the airport. Dennis and Zora Reinhardt of Brampton were among 20 pilots to attend the event.

Curlers take to greens

Seldom have the jobs of playing golf in perfect conditions been better experienced than on September 24 - one of the few perfect days that month provided - when 57 golfing curlers "teed it up" for the Fall Golf Tournament of the Minden Seniors Curling Club at Blairhampton Golf Course, which surely must be one of the loveliest of the

many fine courses in the County of Haliburton.

While it cannot be said that the perfect conditions were reflected in the scores which were submitted, yet some fine golf was played, particularly by the champions of the day, the husband-and-wife team of Frank and Merle Codlin, who had the low gross scores for men and women, respectively. Other principal winners were: low

net - men, Roly Scott; women, Edie Sedgewick; closest to the hole - men, Jack Harrington; women, Billie Schuyler; longest drive - men, Jim Holmes; women, Donna Johnson; and most honest golfer - men, Tony Dymott; women, Mary Orpana.

The above winners, and others less skilled or less fortunate, were presented with their trophies and

prizes that evening at a splendid dinner, held in the Curling Club and catered by The Corner Store.

The members of the committee responsible for all of the arrangements - Stan Blears, Jim Grant, Jack Harrington, Ed Pettinger, and Gil Scott - wish to thank the following local enterprises, who were kind enough to donate prizes for the event: Home Hardware, IDA Drug Store, Dollo's IGA, Mabel's Cut 'n' Curly, Northland Sales, Stedmans, Valu-Mart and Blairhampton Golf Course.

Minden area residents kept a close eye on the Gull River this past week as additional rainfall resulted in the waterway overflowing its banks in some locations. No serious problems have been encountered because of the heavy flow, but waterway authorities expressed a concern that continuing rain could result in a more serious situation.

House elects its Speaker

- by Bill Scott, MP -

On September 30th, and indeed well into the morning of October 1st, the House of Commons embarked upon an historic event. We, your Members of Parliament, for the first time, elected from amongst us a new Speaker. I am very pleased with the choice of the Member from Vancouver South, the Hon. John Allen Fraser, as the thirty second Speaker of the House of Commons.

Later on October 1st, the Governor General opened the Second Session of the 33rd Parliament of Canada. Some highlights of this speech are as follows.

Economic Renewal - Economic renewal will be furthered by continued progress in restoring health to our public finances, through trade initiatives and through tax reform. The objectives of tax reform will be to lower tax rates and to reduce reliance upon personal income tax by improving the revenue balance between personal income and other taxes. The government will spare no effort in seeking to protect the interests of Canada's farmers in the face of unfair pricing and subsidy practices conducted beyond our borders. Our government will work in close consultation with provincial governments and farm organizations to help alleviate personal hardship in our farm communities.

Measures will be introduced to strengthen Canada's cooperatives and to give recognition to their role in community development.

To help meet the challenges facing higher education,

the government will propose a National Forum on Post-Secondary Education, to be held early next year.

The government will appoint a National Advisory Board for Industrial Technology, chaired by the Prime Minister and composed of some of Canada's leading industrialists and scientists. A new federal Science and Technology Strategy will be introduced, building on the initiatives undertaken to date.

National Reconciliation - The Canadian Charter of Rights and the Constitution remain incomplete without the assent of Quebec. The government has begun consultations with the provinces on this important subject. If there are reasonable prospects for agreement, formal negotiations will proceed in the expectation that Quebec will take its place as a full partner in the Canadian Constitution. There will be a First Ministers Conference on aboriginal constitutional affairs.

Constructive Internationalism - The government will continue its concerted efforts through the Commonwealth and the United States until apartheid is abolished in South Africa.

Arms control and disarmament will remain essential parts of Canadian foreign policy. We will continue to contribute to multilateral discussions on arms control and actively encourage dialogue between the superpowers toward preserving world peace and security.

Social Justice - The government will initiate discussions with the provinces, business and labour with a view to implementing a concerted approach to childcare.

As a national priority, we will continue to remove the barriers that have prevented women from participating freely and equitably in the mainstream of Canadian society. The sufferings of battered women are an intolerable affront to human dignity and personal security. The government will work with the provinces on an urgent basis to deal with this pressing problem.

The government will take effective action against child sexual abuse, violent forms of pornography involving women and children, child prostitution, and the serious and growing threat posed by the traffic in illegal drugs. A national drug strategy and a comprehensive program dealing with impaired drivers will be brought forward to promote the prevention of drug and alcohol abuse. The government will continue to provide domestic and international leadership in controlling drug abuse in amateur sports. Measures will be brought forward to protect and assist victims of criminal violence.

The government will introduce legislation to increase tax assistance for retirement savings through Registered Retirement Savings Plans.

The Veterans Independence Program will be broadened. New legislation

(more on page 15)

PARTICIPATION

HUNTERS' Safety Tips

Check your gun thoroughly to see that action and barrel are clear of obstructions and that proper-sized ammunition is used.

Use caution always when handling, transporting or storing your gun.

Don't drink before and during the hunt.

Always keep muzzle point away from yourself and others, pointed in the air.

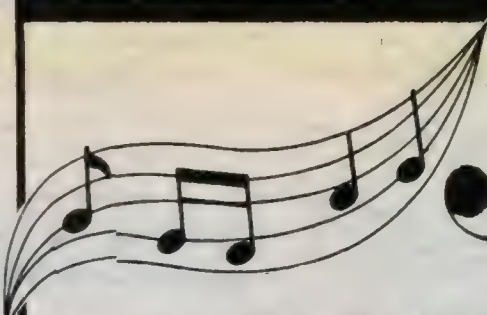

Always keep guns unloaded when not in use. Always have the 'safety' on until ready to shoot.

Make sure that you and your hunting party are not in each other's line of fire.

Don't hunt on private land without permission. Do not enter posted property.

Wear colors that are easily visible when hunting. Make sure that this prescribed safety hunting color covers at least half of your body.

Do not have your guns and ammunition where children can reach them.

Food education program available

The Ministry of Agriculture and Food is working closely with the Ministry of Education on developing educational material on agriculture for classroom use across the province. Of specific interest is the new unit, "Food and Energy" designed to be taught at the grade 9 level in the near future.

Secondary school teachers will be introduced to the new unit and the accompanying resource binder at a "Food and Energy" workshop to be held at the Victoria County Agricultural Office in Lindsay on

October 27. Teachers from the counties and regions of Prince Edward, Hastings, Northumberland, Peterborough, Victoria, Haliburton, Durham East and West, York, Muskoka and Parry Sound will be in attendance.

It is hoped that various commodity groups will have displays and exhibits placed throughout the building during the day. There will also be a number of provincial exhibits as well.

In our supermarket society, we often fail to realize how much is involved in producing, processing and preserving food.

Through this new unit, students will develop a greater understanding of the importance of science and technology in food production. Through the day-long

workshop, teachers will gain a better understanding of the "Food & Energy" Unit and may feel more at ease in presenting this important topic to their students.

Bill Scott

(from page 14)

will also be introduced to streamline the pension process to provide faster, more efficient service to veterans.

A new Environmental Protection Act will be introduced to improve the government's capacity, in concert with the provinces, to deal effectively with

pollution. The focus will be on toxic chemicals. The government will introduce measures to improve water quality in Canada, and to safeguard citizens from the hazards of chemicals in our society. The government will propose legislation to establish a Workplace Hazardous Materials Information System.

Minden resident Mary Ann Wilson was selected from an audience of 700 to assist with the draw for winning numbers at the Wintario Lottery show Thursday evening. Host Greg Beresford interviews her prior to her activating the machines.

An apple a day...

Canadians apparently still believe in grandmother's wise words 'an apple a day...'. According to a 1982-83 national consumer survey conducted by Market Facts of Canada Ltd., Canadians eat apples more often than any other fruit. In Ontario, the world-famous McIntosh is the most popular variety with a farm value over \$15 million.

The following tips, from Foodland Ontario, will guarantee enjoyment of this daily treat.

- Buying: Look for firm, brightly coloured McIntosh apples which are smooth-skinned and free of bruises. Wondering how many apples to buy for a recipe? Three large apples weigh about a pound (500 g). One medium apple yields one cup (250 mL) diced or sliced.
- Storing: Store ripe McIntosh apples in perforated plastic bags in the refrigerator to retain flavour and crispness. When stored properly, McIntosh will stay in peak condition for two to four weeks.

During refrigerator storage apples give off ethylene gas (a ripening hormone) that encourages other fruits and vegetables to overripen. For example, lettuce stored with ripe apples is apt to quickly turn brown. If possible, keep apples in a separate storage bin in the refrigerator.

A large basket of McIntosh apples can be stored in an area that's cool

and well ventilated - 32 degrees F to 40 degrees F (0 degrees C to 4 degrees C) is ideal. Place sheets of perforated plastic over the basket to help retain humidity.

Separate spoiled apples from perfect apples before storing; one bad apple can spoil the whole bunch!

Freezing: Freeze McIntosh apples in a dry sugar pack for best retention of colour and flavour. Wash, peel, core, and slice fully ripe apples. Pack in dry sugar with ascorbic acid (to prevent browning). For 4 cups (1 L) prepared fruit, dissolve 1/4 tsp. (1 mL) powdered ascorbic acid (or 800 mg in tablet form) in 1/4 cup (50 mL) cold water. Sprinkle over prepared fruit and mix gently before adding 1/4 cup (50 mL) sugar. Pack into freezer bags or containers and store, for up to one year at 0 degrees F (-18 degrees C). Use these apples for fast apple sauce or pie filling.

Eating an apple a day might not keep the doctor away, but according to Dr. David Jenkins, M.D., professor of nutritional sciences at the University of Toronto, apples fit well into the Canadian nutrition plan for good health. Current guidelines advocate consumption of low-fat, high-carbohydrate and high-fibre foods.

Although apples contain small amounts of potassium and vitamin A, their principle nutritional value is based on fiber content.

HONDA SNOWTHROWERS

BUY OUR SNOWTHROWER AND WE'LL BUY YOUR SHOVEL FOR \$50.00*

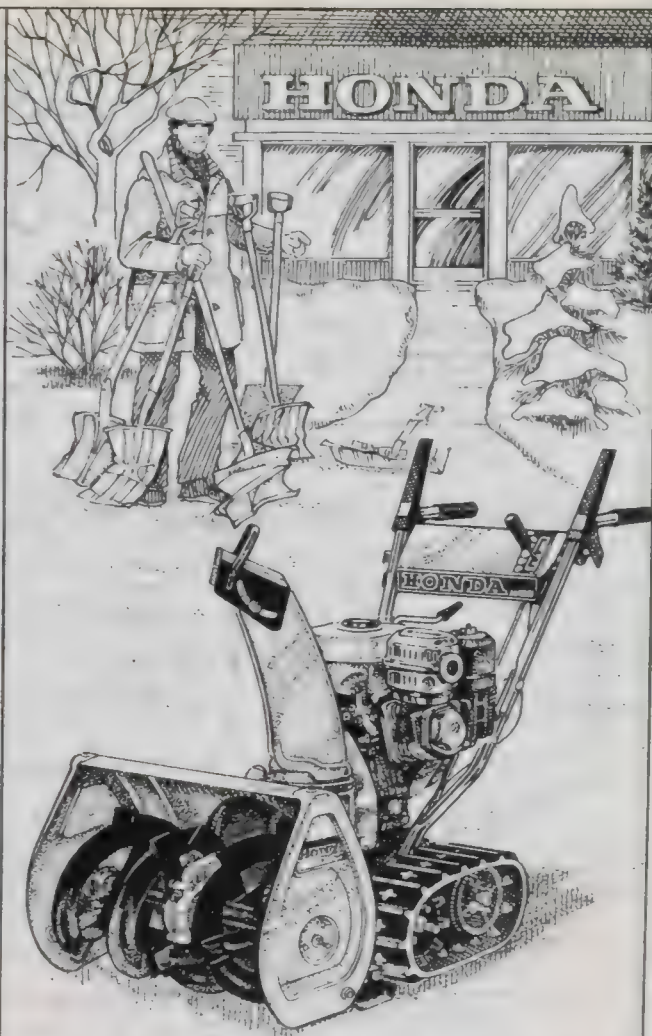

This year, we'd like to take the load off your back and a shovel off your hands. If you bring your old snow shovel, or any old shovel at all, in to us we'll give you \$50.00 off when you buy any Honda snowthrower.

There are three Honda models to choose from. From 3.5 to 8 horsepower.

Every Honda snowthrower has a reliable four-stroke engine so there's no messy gas and oil mixing. They can clear depths of up to a foot and a half depending on the model. And the two larger models have dual-track drive and three forward speeds, plus reverse, to really plough through drifts.

So this winter, get the load off your back. Start throwing snow our way and we'll throw \$50.00 your way. If you catch our drift.

*Full details available at our store.

More questions raised about 2,4-D herbicide

Evidence that the popular herbicide 2,4-D causes cancer in humans is growing.

The herbicide, used extensively by farmers and Ontario Hydro workers is linked to cancer of the lymphatic system among Kansas farmers in a study published in last month's Journal of the American Medical Association.

2,4-D has also been linked with the growth of brain tumors in rats by another yet unpublished study.

Used in North America for the past 40 years - it's the most widely used brush killer in Canada - 2,4-D was also a major ingredient in Agent Orange, the mutation causing defoliant used by the Americans in Viet Nam.

Officials at Agriculture Canada describe the studies as "disquieting". However the federal body will wait until next spring before it makes a decision on the future use of the herbicide.

Asked what they were going to do about the evidence uncovered in the studies, officials at Ontario Hydro said the corporation would wait for Agriculture Canada's decision.

"I don't think the exposure rates of our workers are anything like those of the farmers in the study," said Ontario Hydro Environmental superintendent Bob Richmond. "The

Monmouth gets planning grant

A community planning grant amounting to \$6,810

has been awarded to Monmouth Township, Tourism and Recreation Minister John Eakins, MPP Victoria-Haliburton announced recently.

Mr. Eakins said the grant, awarded by Municipalities' Minister Bernard Grandmaitre, will help the township prepare a comprehensive zoning bylaw.

Government Ministry planning grants are designed to encourage municipalities to resolve land use planning issues to mirror municipal and economic priorities.

The grants may also be used toward special studies to develop community improvement policies; to determine the possibility in using data processing technology in the local planning process and to assist in implementing the Planning Act.

farmers wear cover-alls and often broadcast the spray. Hydro workers wear protective clothing and spray selectively."

Richmond said Hydro would wait until Agriculture Canada makes its ruling in the spring before making a decision of its own because

the spraying season is over for the year.

Agriculture Canada stressed that domestic sprays and weed killers containing 2,4-D are not a danger to users because of the low concentrations of the chemical in those products.

Drive with care during the holiday weekend

The Ontario Provincial Police "Strict is Fair" policy of highway traffic enforcement will be in effect over the coming Thanksgiving Holiday weekend, a time when families across the province gather for traditional homecoming celebrations.

Commissioner Archie Ferguson is pleased to announce that the number of holiday weekend motor vehicle fatalities has been reduced by 43% this year, on

OPP patrolled roadways, in comparison with 1985.

A total of 24 fatal collisions over the combined Easter, Victoria Day, Civic Holiday and Labour Day weekends claimed 31 lives, compared with 54 people killed in 44 separate accidents.

"This significant reduction in lives lost cannot be attributed to chance," Commissioner Ferguson said. "But to the combined efforts of our officers and the motoring public, which

MNR issues deer tags

improved and safety road." decline in main con- d accidents - excessive red driving. mitted to two prob- he use of ict is Fair" grams. In a ave lives. be paying to the use notorists.

The Ontario Ministry of Natural Resources has issued 50,996 antlerless deer validation tags for the 1986 hunting season - a 39 per cent increase over last year. Successful applicants of the draw should have received their tags in the mail by late September.

The seven-year-old selective harvest program is designed to control deer

harvested by allocating a specific number of tags for antlerless deer - females and fawns - in each management unit.

"The large increase in the number of validation tags we were able to allocate this year is due to a healthy and increasing deer population - a direct result of my ministry's selective harvest program combined with a

number of mild winters," Ontario Natural Resources Minister, Vincent Kerrio said.

This year, the Ministry received 73,736 applications - an increase of nine per cent over 1985.

Hunters who have questions about the selective deer harvest program should contact their local Natural Resources office.

Baptist pastor leads Minden's newest church

Tall, slim, and only 25 years old, Doug Kent is a young man. And that's apt because the new Baptist Fellowship Church minister's congregation is, at less than a year old, the youngest in Minden.

Kent came to Minden last summer and preached at the church as a guest pastor, seven weeks. "I didn't know at that time," he says, that I would be taking over here now." But even in the short weeks he's spent here he's decided he likes it.

"I grew up in Toronto so I really appreciate Minden. There's a newness in the congregation, an energy that I haven't experienced in other places I've been. And you just don't see that in churches that have been established a long time."

A recent Toronto Baptist Seminary graduate, Kent has not yet had his own congregation. He interned in New Hamburg and Little Britain, so he is acquainted with village living.

He and his spouse, Yvonne, hope to work as a pastoral team in the community. While only Kent will take the services she will assist him with planned youth programs and counselling.

Though the Baptist Fellowship congregation was established just last February, Kent says it's already well organized. "There are 20 members at present but we've had as many as 60 people at one service. They're people who know what they want and are willing to work toward it."

Asked to describe his approach to the Scriptures, Kent describes his church as Evangelical. "We're Bible believing and Christ centered. And we want to meet the needs this community has."

He stresses that he wants to work with all age groups, and he sees a particular need among young people. "We hope to reach the teens and get some programs going, programs that will have a good balance between recreation and teaching."

Kent admits he'd like to see his church grow. "Yes, I'd like to see the congregation increase - not personally, but to help people whose lives it can change. Besides," he adds, "I guess that's what it's all about."

Minden's newest pastor Doug Kent will lead the Minden Fellowship Baptist congregation.

DASHING THROUGH THE SNOW.

The storm will pass. And thankfully, so will you with a Kubota snowblower.

We have snowblowers that attach to most Kubota diesel tractors, and they are a cinch to operate. They clear snow from driveways, roads or parking lots. Break up and clear heavy drifts. And the large diameter chutes give you excellent control of casting distance.

So next time the forecast calls for snow, relax. It'll blow over. With a little help from Kubota.

KUBOTA
Nothing like it on earth!"

WALSTEN on Hwy. 121
2 mi. south of Kinmount

CORPORATION OF THE TOWNSHIPS OF
ANSON, HINDON AND MINDEN

NOTICE

(85-9)

IN THE MATTER OF the Municipal Act; and
IN THE MATTER OF a proposed By-law of
the Corporation of the Townships of Anson,
Hindon and Minden to stop up, close and
convey to the adjoining landowners portions
of the original allowance for road along the
shore of Horseshoe Lake lying in front of Lot
14, Concession 8, in the Township of Minden.

NOTICE IS HEREBY GIVEN pursuant to
Section 301 (1) (a) of the Municipal Act, R.S.O.
1980, as amended, that the Council of the
Corporation of the Townships of Anson,
Hindon and Minden proposes to consider and,
if deemed advisable, to pass at its regular
meeting to be held in the Municipal Council
Chambers on Milne Street, Minden, Ontario,
on Tuesday, November 11, 1986, at the hour of
10:00 a.m., a By-law to stop up, close and
convey those parcels of land more particularly
described as follows:-

Parts of the original allowance for road along
the shore of Horseshoe Lake in front of Lot 14,
Concession 8, in the Township of Minden, in
the County of Haliburton, designated as Part 4
on a plan of survey by Bishop & Wilson Ltd.,
O.L.S., dated June 21, 1985.

AND FURTHER TAKE NOTICE that before
passing the said By-law at the meeting to be
held at the time and place above-mentioned,
the Council shall then and there hear in person
or by his or her counsel, solicitor or agent, any
person who claims that his or her land will be
prejudicially affected by the said By-law and
who applies to be heard.

DATED at the Township of Minden this 6th
day of October, 1986.

(Ms.) B.A. Millar, A.M.C.T. (A).
Clerk-Treasurer,
P.O. Box 98,
Minden, Ontario.

around the county town

by Jeanne Sears Call 286-1538

Minden Women's Institute will meet at the Library Cultural Centre Wednesday, October 15th at 2 p.m. All ladies welcome.

Mary Wright and Lily Mason, our wandering Scots, paid another visit to Muskoka last week and enjoyed dinner at the lovely Deerhurst Inn. The weather has not been too kind to these ladies but the warmth of the people of Minden more than made up for that. They leave Minden on Friday and will visit friends in Weston on their way to the airport. We'll sure miss them!

Thursday evening was certainly a special one in Minden. People began arriving at the Arena after 6 and seats filled up quickly. M.C. Bill Payne was on hand to introduce the music from "Just Plain Country". Grade Eight Minden P.S. Band and HHSS Brass Quintet. The cameramen showed us "as others see us" on the T.V. sets and one, Mary Windover, gave a great smile and wave. Then it was 8:30 and Wintario went on with Faye Dance, Greg Beresford, Fanny Lemesurier and helpers. The numbers were picked and buttons pushed by various people. Everyone watched their entry ticket for free Wintario tickets. During the commercial breaks we learned more of how this programme is staged and that they had visited all the Counties in Ontario. Plaques were presented to Cliff Lacey, Vice President of the Lions, and Reeve Sinc Nesbitt. We saw our lovely scenery on T.V. and know that residents of Ontario now will know Minden. The Lions Club should be pleased and proud to have had a successful Wintario programme.

We ran into Thelma Ewing of St. Catharines, a former resident, and on talking to her learned she was visiting many of her old friends.

Mr. Tom Stephen had been relocated in Toronto and wife Mary Ellen and Ashley and Kate are staying with her mother Doreen James.

Guests at the home of Mr. and Mrs. Elgin Sedgewick and Ben, on September 27 were Mr. and Mrs. Frances Sedgewick of Cobourg; Mr. and Mrs. Donald Tebble and Karen and Arlene, Mr. and Mrs. Ross Sedgewick, Ross and Scott all of Whitby, Mrs. Keith Poulain and Jeffery, Kevin and Amy from Gunter; Mr. and Mrs. Garnet Sedgewick of Haliburton and on Sunday Mr. and Mrs. Rowland Sedgewick.

Sonya Harrison, Mrs. Philip Payne, Mrs. Helen Campbell, Bill Thompson, Mrs. Joy Poulain, Hank and Laurie. These people visited with Mr. and Mrs. Ralph Sedgewick at the home of Mr. and Mrs. Elgin Sedgewick.

Ralph Ernest Sedgewick and wife Molly have been visiting with relatives the past week. Ralph's parents Mr. and Mrs. Ernest Sedgewick, lived at Gelert farming for some time on Township 2 Section 10. In the year of 1911 they moved to Duval, Saskatchewan area where his father bought some farmland and farmed there until retirement age. Ralph at the time when they went west was 3 years old and his brother was 2. This is the first time Ralph has been back to this area after 76 years. While here he did a lot of sight-seeing with his cousin Elgin, close to his father's farm. "To him a long awaited dream came true." While here they were guests of Elgin and Clara and visited all the rest of his cousins around. Garnet and Gladys also took us on many

trips which were all appreciated. Must say quite different to Saskatchewan, but very lovely country. (Sent in by Molly Sedgewick, Strabour, Sask.)

At the weekly euchre games at St. Paul's Parish Hall last Thursday afternoon, winners were - lone hands Greta Alsop and others Joyce Hewitt, Norah Briggs, Florence Schlosser (man's) and Joe Dollo.

Mr. and Mrs. Arthur Thorpe of Brampton, Mr. and Mrs. Hector Gray of Oakville, Marin Roberts of Bronte and Peggy Curran of Staynes, England were entertained at an early Thanksgiving Dinner with Mr. and Mrs. Earl Hewitt.

Recently Lil and Vic Martin spent a weekend with Judy and Michael Martin at Bowmanville.

Karen and Wayne Sawyer and baby girl Jennifer Hazel have moved back to Minden from Oakville.

Marie and Clayton Leitch of Mt. Albert visited with Mr. and Mrs. Arnold Cowen on the weekend.

There is to be an open house next Saturday afternoon and evening to help Bert Harrison of Boshkung celebrate an early birthday.

Club 35 winners for this week include: door prize - Verna Sawyer, most lone hands - Helen Davis, high lady - Edith Russell, high man - Elmer Davis and others - Shirley Bunker, Len Trodd and Helen Davis.

Sorry to report Cathy Klotchkoff has been suffering with torn ligaments.

Mrs. Claire Brooks attended the wedding of her youngest son, William John Brooks to Linda Rodgers. The wedding was held at Meadowvale Village Church with a reception following at La Porte Restaurant on the Queensway in Toronto. A good time was had by all. The young couple are on honeymoon in Jamaica.

Some people who have been under the weather are Bertha Hughes, Mrs. W. Casey, Mrs. G. Nesbitt, Joyce Austen, Phil Corby, Molly Cummins and Shirley Elcome is recovering after surgery at a Mississauga hospital.

Congratulations to Mr. and Mrs. Gary Nelson (nee Mary Lynn Allore) whose wedding was Saturday.

The Dave Titus family spent the weekend in the village and welcomed Bertha home from our hospital.

Wednesday, October 8, 1986

Belated good wishes to Lucy Burgess on her birthday today, October 6 and Henrietta Brentnell celebrates hers on October 9th.

Sincere sympathy goes to the family and friends of the late Dick Haywood whose funeral was last week.

The ladies of the Anglican Church have been very busy with a turkey dinner, 3 busloads of people, then the Wintario group. The Thrift Shop still is open Friday and some Saturdays from 1:30-4.

This weekend will be a busy one, at our Gallery will

be People and Places of Victoria County by Chuck Burns. The Demolition Derby at the Minden Fairgrounds - call 286-1428. Wilberforce has Autumnfest dance. Call 448-2981. Dorset Holiday Dance, call 766-2646. The Haliburton Legion Flea Market - call 457-2571. If you get to all of these you would surely have toured our County.

I took a walk last Thursday afternoon and had a chat with some of the workers of the Wintario crew and including one with Fanny Lemesurier.

Some snowflakes this morning, Monday.

Trent-Severn waterway report

On Monday, September 29 the Haliburton area lakes of the Trent-Severn Waterway held 53.1% of their normal maximum water. This was 5.5% more than the 10-year average for the date, but is not unusually high despite some very wet conditions.

Further south the rainfalls have been more excessive and overfilling of the Kawartha Lakes and Lake Simcoe-Couchiching has resulted in closure of many of the navigation locks for the second time in 2 weeks. All outlets from Lake

Simcoe-Couchiching have been opened to their maximum, and many of the dams in the central section are now opened as much as would usually pass a spring freshet.

Heavy rainfalls could worsen the conditions, and lighter rains will at least extend this high water period.

Grace Lake in the Haliburton area has been lowered early this year for dam restoration. The level is not intended to drop further than in other years, just earlier.

Guild news

by Shirley Hodgson
Monday 8 a.m. - Oh yes! That is snow - honestly!! Now perhaps we really do have to "Think Winter" - even though we don't think we have had enough summer. Perhaps I was not premature when I mentioned the Christmas Sale last week. Please keep this in mind.

The S.S.E.C courses are rapidly being booked. There is still time to register but time is running out. Register now to avoid disappointment. Note: No telephone registrations will be accepted.

There is an interesting display at the Rails' End Gallery. This is an interesting marquetry, wood carving and sculpture show. The artisans are Hilary Cole, Doug Nash and Bill Hunnisett, all Muskoka area residents.

"Imaginary Place" by Carolyn Smith is also on display in the waiting room at the gallery.

Guild members - please return your stubs or tickets on "A Trip to Portugal" as this draw will take place this Thanksgiving weekend.

Also, please purchase tickets on the "Westborough Floral Mat" as this draw takes place October 11.

The Rug Hookers are holding their regular monthly meeting this week but they will be holding another meeting on October 20 at 10 a.m. at the Agnes Jamieson Gallery in Minden.

The Rug Hookers o Gravenhurst have asked out group to join them at their meeting October 22.

The Choral Society is conducted by Marilyn Stouffer.

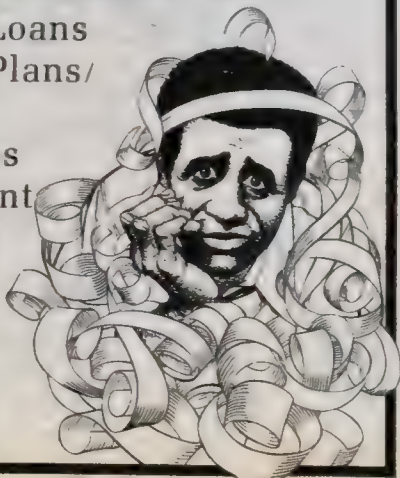

Marilyn has asked me to remind you about this year's concert series which begins on Monday October 27 at the High School. We will welcome the combined talents of mezzo-soprano

Michele Gaudreau and tenor Timothy Sherwood - with their vibrant interpretations. They sing Gilbert and Sullivan, Gospel Songs etc. Please note a correction about the second show which takes place November 28. "The Cambridge Busker" a pair of British minstrels will delight you with their wry musical humour. Dag Ingram will be playing the accordion and Michael Copely will be playing recorder, ocarina and tin whistles. Tickets are

available at the same price as last year, \$20.00 which includes 5 musical evenings. Members of the Concert Series group will have tickets and tickets are also available at the Rails' End Gallery.

DANCE - DANCE - Music by the "Ugly Rumour" on Saturday November 2 at the Legion Hall. Tickets are now available at the Rails' End Gallery and the Agnes Jamieson Gallery at \$6.00

THE TIMES Page 23
per person. There will be door prizes and a special occasion licence has been obtained.

The general meeting will be held at the Rails' End Gallery on Thursday, October 23 at 8 p.m. The Potters will host this meeting. The guest speaker will be the Haliburton Rotary Exchange student. She will present slides and talk about Brazil. Please come and enjoy the camaraderie.

Walkers help dog training

The wind was cold and biting on Sunday afternoon but that didn't stop a small crowd of hardy walkers from taking part in the Minden Lions Club's third Annual Walk-A-Dog-A-Thon.

In fact many of the dogs and people who arrived at the Minden Community Centre for the start of the event were small. Too small, The Times feared, to complete the tough three mile course.

As it turned out, however, such fears proved unfounded as all participants crossed the finish line in record time.

From the three Walk-A-Dog-A-Thons this year the Lions have raised over \$700 for Canine Vision Canada, a Toronto charitable organization that trains seeing eye dogs for the blind.

Participants wait at the starting line for the signal to begin the seven kilometre Walk-a-Dog-a-Thon sponsored by Minden and District Lions Club Sunday to raise funds for Canine Vision of Canada. In the three Walkathons held this year in Minden, over \$700 has been raised for the organization.

TIMBER SALE

Tenders will be received by the Ministry of Natural Resources up to and including Tuesday, October 28, 1986, at 12:00 noon local time for the right to cut timber on part of Lots 9-13 inclusive, Concession V and VI, Hindon Township, County of Haliburton.

This tract contains an estimated 1631 Cubic Metres (356,679 f.b.m.) of sawlogs and 737 Cubic Metres (283 cords) of fuelwood.

Further particulars and tender forms may be obtained from the District Manager, Ministry of Natural Resources, Minden, Ontario K0M 2K0. Telephone: (705) 286-1521.

Highest or any tender not necessarily accepted.

by Jean Lacey

Hi Kids!!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun!

Q: Here's a thorny sort of riddle. What did the big rose say to the little?

A: Hiya, bud.

Q: I know a little fence, that's white and wet, but it's never been painted, nor rained on yet.

A: The teeth.

Q: When babies are at rest, what land do they like best?

A: Lapland.

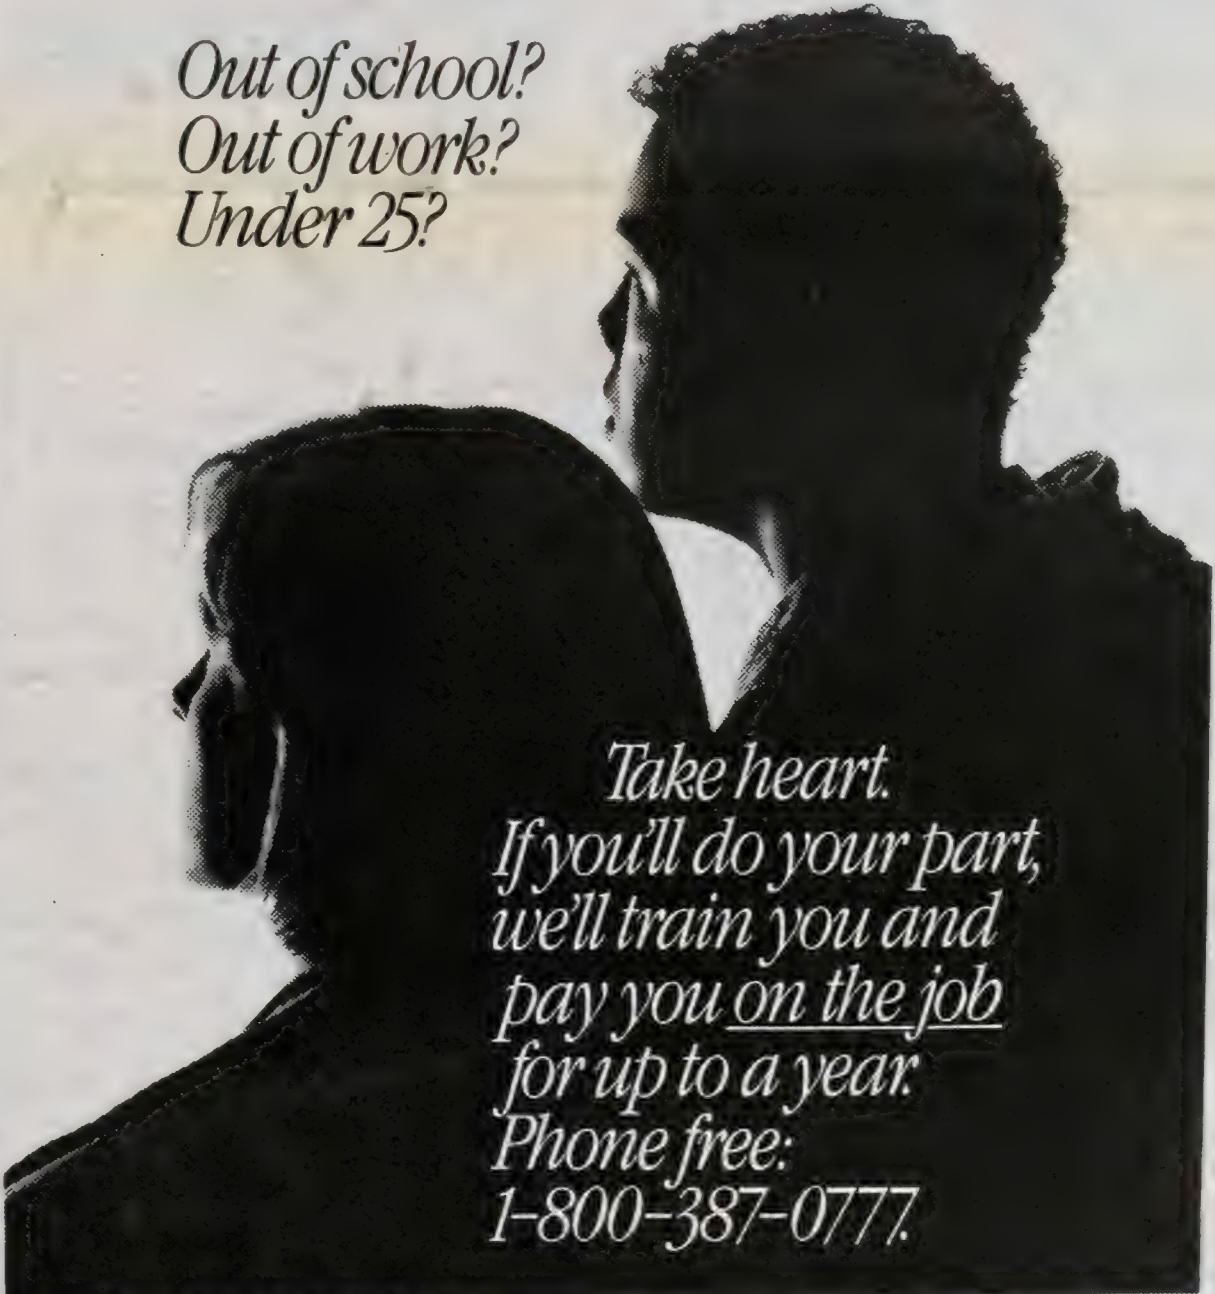

Q: Full of beats, wears a cowhide cap, and never speaks, till you give it a slap.

A: A drum.

FUTURES

Training Ontario's youth for work

Ministry of
Skills Development
Gregory Gordon
Minister

senior league

by Pearl Lyle

Well folks, we are sure getting lots of rain. I guess that's why it is difficult to collect news.

Our church service last Sunday was taken by Mr. and Mrs. Burgess. On Tuesday we had Rev. Phillips of Haliburton.

Monday night movies were "Family Camping", "Fabulous Fishing", and "Enchanted Isles."

We have three of our residents home from the hospital: Gordon Ruttle, Mrs. Nesbitt, and Mrs. Caney. Glad to see them home. I am sorry to report Edna Cowan is in the Haliburton Hospital. We hope she will soon be able to be home again.

Monday afternoon we had a very nice auxiliary meeting, with over 30 members present. We were pleased to have our new Administrator speak to us. As one elderly lady said, "He's a bit of alright".

Thursday the ladies of

Kinmount Baptist Church came with the Tea Party. The food was delicious and we enjoyed the minister's children very much. Also the beautiful music by his wife. We do hope they come again.

Doris took some of us to Wintario Thursday evening. It was enjoyed and some won small amounts. Doris also took a bus load to Lindsay on Friday although the weather was bad. They were glad they went.

We had our regular monthly meeting of the Residents Council with a good attendance. We were glad to have Mr. Samuelson present. He seemed interested in our wants and wishes and promised to help in every way possible.

We extend a warm welcome to our new resident Miss Dora Dawson. A kindness done to someone sad will make your own heart twice as glad.

All till next week.

Christmas mail dates announced

Deadlines for the mailing of Christmas cards, letters and parcels to international destinations have been set for this year in cooperation with foreign postal administrations and shipping companies.

The earliest deadline is September 23 for packets and parcels originating in Newfoundland and sent by surface mail (land and sea) to New Zealand. If sent air mail, the deadline is November 26.

Deadlines for surface mail to foreign countries vary according to destination and point of mailing in Canada. A detailed list may be obtained from local post offices.

Identical deadline dates have been set for items sent air mail - from anywhere in Canada - to a number of various international

destinations. They are:

December 1 (packets and parcels) and December 4 (cards and letters) for: Great Britain, Northern Ireland, Republic of Ireland, France, Federal Republic of Germany, Netherlands,

Japan, Hong Kong, Switzerland, Sweden and Canadian Forces Post Offices.

November 26 (packets and parcels) and December 4 (cards and letters) for: Australia, New Zealand, Philippines and all other countries in Europe, Asia,

the South Pacific, Africa, South America and the Caribbean.

Detailed information on postal rates, mailing deadlines as well as tips on proper packaging and wrapping of parcels may be obtained at local post offices.

Did you know?

by Jane Selbie

Haliburton County is a special area to live in. Our beautiful scenery and small town atmosphere makes for a wonderful place to raise a family or retire.

Listening to the many episodes in the last years where similarly idyllic locations have experienced the disappearance of young children reminds us that we are part of a changing world. We can protect our children to be more cautious by teaching basic street-proofing techniques.

On Saturday, October 18, from 10 - 4, the Newmarket Civitan Club in conjunction with the Haliburton Royal Canadian Legion will be offering a child identification service. Parent can bring their children to have

their photographs taken along with their fingerprints. There is a minimal charge of \$1.00 per child.

Those who participated a couple of years ago should bring the identification card with them for up-date. This identification card becomes part of the family records. In the event of a disappearance, parents can give an accurate detailed description to the police to offer

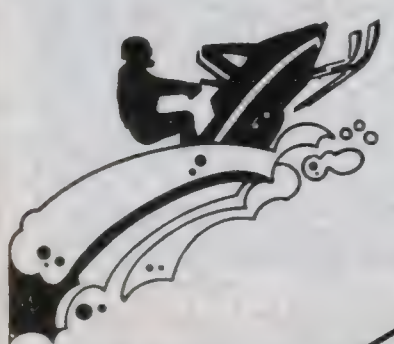

helpful tracing information which could cut valuable time.

No one wants to think about such a horrible experience. However, involving yourselves as a family to take these precautions and discussing the topic constructively might be a loving exercise that stresses the importance of safety issues.

"WHERE THE ACTION IS"

Branch 129

by Gerald Irish

Membership in Branch 129 is still growing. Your branch is one, in particular, to boast this increase.

In July 1985, Legionnaires on our bulletin mailing list numbered 676. This month's mailing list has over 800 names on it. Such a large increase is due, in part, to the renewed interest in Branch activities and the pride members have in the changed appearance and atmosphere in the building.

New members initiated last Thursday evening were Bill Peacock, Pat Hamill and Barry Boice. We extend a warm Branch 129 welcome to them.

Donations of \$50 to the CNIB; \$200 to Haliburton Minor Hockey Association and \$1000 to the Ontario Command Charitable Foundation were approved at the general meeting.

The annual awards ceremonies are coming up soon. Should you receive a year's award pin, please let Honours and Awards chairman Bruce McKay know, or leave word - in writing - at the Branch.

Do you have your costume ready to come to the Halloween Dance and Party to be held in the club room November 1?

On November 7, the annual Hunter's Ball will be held at the Legion. The very popular group, Cimmeron, will be playing. There will be spot dance prizes, a door

prize and a special 50-50 draw at the dance.

When you are initiated into Legion, one of your pledges is "active participation in Poppy campaigns." Your poppy chairman, comrade Irv Chambers is now seeking your help with this year's campaign. Please volunteer your assistance. Irv wants this campaign to be the most successful ever, but he needs all Legionnaires to pitch in and help - especially members in the Minden area.

The proposed budget Bluegrass 1987 was approved by the membership at the general meeting.

At that meeting your branch Bluegrass Committee received a very generous donation - \$1000 given by the Ladies Auxiliary. Thank you ladies, not only because you donated this, but also because you pledged support also to the next Bluegrass event.

The ladies auxiliary is always very busy. On October 18 they will be hosting the Zone Cribbage championships and on November 22, the District Cribbage championships. Male volunteers are needed to serve at these tournaments. Should you be able to help, contact Comrade Irene Higgins.

The L.A. invites everyone in the branch to attend the Zone Fun Night to be held in the legion auditorium on

October 25.

A complete and speedy recovery is wished to these comrades on our sick and visiting list: Len Pearsell, Bert Howe, Neale Woodcock, George Hunter, Alton Duncan and George Hunt.

Last Tuesday, DVA representative Gary Barker had 14 interviews with local veterans. Gary will also be representing the Veterans government department at the wreath laying ceremonies on Remembrance Day.

At the October 2 meeting, Mr. Henderson and Mrs. Braden, spoke to the members about the services available by the Five Counties Children's Centre. They impressed on us the

monetary assistance required in order to continue and expand the services to the children belonging to the 5 counties being served.

Bob Thompson has donated a lovely picture depicting a Mosquito Bomber to the branch. The Mosquito was the only

totally Canadian constructed plane to see war service.

There is also an interesting article about Chester Schwandt who piloted a Mosquito bomber during the war.

There will be a turkey-ham roll on Saturday, October 11 at 2 p.m. This is a sporty way to get your Thanksgiving dinner.

CORPORATION OF THE TOWNSHIPS OF ANSON, HINDON & MINDEN

NOTICE
(86-6)

IN THE MATTER OF the Municipal Act; and
IN THE MATTER OF a proposed By-law of
the Corporation of the Townships of Anson,
Hindon and Minden to stop up, close and
convey to the adjoining landowners portions
of the original allowance for road along the
shore of Canning Lake lying in front of Lot 17,
Concession 1, in the Township of Minden.

NOTICE IS HEREBY GIVEN pursuant to
Section 301 (1) (a) of the Municipal Act, R.S.O.
1980, as amended, that the Council of the
Corporation of the Townships of Anson,
Hindon and Minden proposes to consider and,
if deemed advisable, to pass at its regular
meeting to be held in the Municipal Council
Chambers on Milne Street, Minden, Ontario,
on Tuesday, November 11th, 1986, at the hour
of 10:00 a.m., a By-law to stop up, close and
convey those parcels of land more particularly
described as follows: -

Parts of the original allowance for road along
the shore of Canning Lake in front of Lot 17,
Concession 1, in the Township of Minden, in
the County of Haliburton, designated as Parts
2, 3, 4 and 5 on a plan of survey by Bishop &
Wilson Ltd., O.L.S., dated June 6, 1986.

AND TAKE FURTHER NOTICE that before
passing the said By-law at the meeting to be
held at the time and place above-mentioned,
the Council shall then and there hear in person
or by his or her counsel, solicitor or agent, any
person who claims that his or her land will be
prejudicially affected by the said By-law and
who applies to be heard.

DATED at the Township of Minden this 6th
day of October, 1986.

(Ms.) B. A. Millar, A.M.C.T. (A),
Clerk-Treasurer,

The Rotary Club of Minden invites volunteers to become part of a project to foster goodwill and understanding with other peoples

Rotary District 701 will send five men between 25 and 35 years of age to Nigeria from March 1 to April 1, 1987 at no cost to them. The purpose of the tour is to study the country, its people, and culture. Members of the group will be carefully selected to ensure that they are worthy representatives of Canadian culture and that they will benefit from the experience.

Applications are now being received for participation in the exchange to Nigeria. An applicant should be presently engaged in business or a profession, with at least two years' experience in his present occupation. The applicant must be a Canadian citizen and must be employed or reside in Rotary District 701.

Team members may not be a Rotarian, the dependent of a Rotarian, or the relative of a Rotarian by blood or marriage.

Interested candidates please mail your applications by October 20 to:

Rotary Club of Minden
Box 504
Minden, Ontario

AT REST

HAYWOOD

Richard Charles (Dick) - suddenly in Haliburton on Tuesday, September 30, 1986 in his 70th year. Was a member of the Haliburton Legion Branch No. 129. Dick Haywood, loving husband of Alberta (residing at Haliburton Hospital). Father of Carolyn Hoagland of Calgary, Barbara Cooke of North York, Lynda Lavoie of Pickering and Rick Haywood of Agincourt. Will be sadly grieved by his large family. Resting at the Gordon A. Monk Funeral Home, Minden from 7:00 - 9:00 p.m. Thursday. Funeral service in the chapel on Friday, October 3 at 11:00 a.m. Interment Zion United Church Cemetery. Memorial donations to the Alzheimers Society for Metropolitan Toronto, 640 Lawrence Ave. West, Toronto, M6A 1B1 would be appreciated by the family. 10B

CARD OF THANKS

We would like to thank everyone who attended our wedding and/or dance for your kind words and beautiful gifts. And a special thanks, with love, to Hugh and Helen Allore for all the hard work and time they put into making October 4 such a wonderful day. Sincerely,

Gary and Lynn Nelson

Thanks to all our friends and relatives that made our 25th anniversary such a happy occasion. Special thanks to Bailey and Hailey, Mom and Milt, Bea and Len, Mickey and Raymond and Lee and Shiela. Also thanks to the band "Country At Heart" who did a great job entertaining. Thanks again and God bless.

Iola and Pud Hamilton

Phil and I wish to thank our friends for their prayers, cards and phone calls while he was in hospital and we also wish to thank the business people of Minden who were helpful in giving us the lovely Bible for our 40th anniversary.

Florence & Phil Robinson

Minden and District Lions Club wish to thank all the merchants who sold and all the people who bought tickets and came to see the live Wintario show. To the entertainers, MC Bill Payne, Just Plain Country, and the students from ASES and HHSS, the Brownies and Guides for ushering and the Lionesses for all their help. Special thanks to Minden Home-All and to The Times, Bill Scott, M.P., Bruce Glass Liberal rep., AHM council, Bev Millar, arena staff, St. Paul's ACW, Minden Horticultural Society and last but not least the Wintario Corporation. Thank you all!

A heartfelt thank you to our friends in Kinmount and Minden who gave us strength and support during a very sad time for our family. To the ambulance drivers for their skill and kind concern, to Dr. Pizzutto and the nurses and staff at Minden Hospital for their loving care of my wife. To Dr. George Winters and nurses at Ross Memorial Hospital, Lindsay for their comfort and compassion. To Gordon Monk and Father George Elliott for their infinite patience. We are grateful to all of you.

Herbert Fischer and daughters Margot and Christiane
